

## Cast Iron Valve Body Casting Pressure Regulator Valve Pressure Reducing Water Valve

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Ningbo China
- Brand Name: NC151
- Certification: ISO 9001,CE
- Model Number: 151
- Packaging Details: Pallet or wooden case
- Delivery Time: 30 days
- Supply Ability: 80,000 pcs per month

### Product Specification

- Part Name: Pressure Regulator Valve Body
- Material: Cast Iron
- Process: Sand Casting
- Media: Air ,gas ,oil ,water
- Application: Valve
- Usage: Pressure Reducing
- OEM: Available
- Highlight: **sand casting process, stainless steel sand casting**

## Product Description

### Cast Iron Valve Body Casting Pressure Regulator Valve Pressure Reducing Water Valve

#### Description

Water Pressure Reducing Valves are used in residential applications to reduce incoming domestic water pressure for protection of plumbing system components and to reduce water consumption.

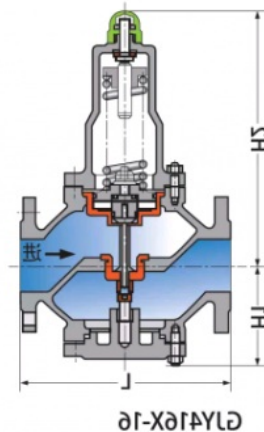

Main products of our company : automatic parts, pneumatic solenoid valve, air water solenoid valve, hydraulic valves, gear piston or vane pumps, fittings connectors, temperature pressure transmitter, temperature controller, hardware stainless steel or brass or plastic parts, etc.

We will try our best to offer the best service to our customers at most competitive price with superior quality. We promise that we'll be responsible all the way to the end once our services begin.

Application: They have been widely used in various fields, such as paper making, pharmaceuticals, food, chemical, petroleum, electricity, fire protection, air-condition, water supply and industrial.

#### Specification

Normal Pressure PN(Mpa)	Body test Pressure PN(Mpa)	Sealing test Pressure PN(Mpa)	Range of Pressure reduce (Mpa)	Maximum Flow rate (M/S)
1.0	1.5	1.1	≤0.7	6
1.6	2.4	1.76		
2.5	3.75	2.85		

#### Our Advantages

1. Imported advanced equipment manufacture high performance products.
2. 20 years' experienced R&D team provide the best designing
3. Offering the reasonable price, delivering on time, providing a 24 hour after sales calling service
4. Diversified products, helps customer to carry out one-stop procurement

#### Our Service

We have more than 12 years experience in solenoid valves.

Excellent quality control is one of our main principles.

Various style for each products and completely series pneumatic products for you to choose from

Sample order and small quantity order is OK.

We provide OEM service, accept customer label, develop the product with your drawings or samples

Any question, will be replied within 24 hours

#### Samples

1. We can make the samples according to customer's samples or designs.
2. Our designer team can finish the samples timely, the exact sample delivery time depends on the sample's style, usually in 15 working days.
3. For New design samples, the buyers have to pay for the relative model fee. (When your order reach a certain amount, we will return back the model fee to you).

#### Payment Terms

1. T/T, 30% T/T deposit before production, pay the balance before shipment.
2. L/C at sight (for large quantity order)
3. 100% T/T in advance, D/P

#### Order and Mass Production

1. We will send PROFORMA INVOICE to you when the order is confirmed.
2. We will start to have mass production when confirm our sample and 30% T/T deposit received.
3. Quality is under the control and supervision during the production.
4. Packing information will be confirmed before the production finished, If no special requirement, using our normal package.
